

TRAVEL ENTRY REQUIREMENT IN KENYA

- *All passengers arriving in Kenya must have an approved e-visa . Visas are no longer issued on arrival in Kenya. The e-visa takes a minimum of 2 working days to be approved. We advise you to apply a month in advance if possible.*
- *From 1st January 2021, all passengers from countries that require a visa to enter Kenya, will need to apply for an e-visa in advance. For more information on this visit www.evisa.go.ke Visas cost US \$50 / €40 / £30 and are valid for 3 months from the date of entry.*
- *A return ticket must be shown and your passport must be valid for 6 months after your stay. Only a few small Commonwealth countries are exempt from visas. All other nationalities requiring a visa (including European Union, British, Australians and US citizens) are also advised to have at least three blank pages available in their passport on arrival.*
- ***Kenya has revised its COVID-19 travel regulations, removing the requirement for all travellers entering the country to show proof of either vaccination or a pre-departure COVID-19 test, with effect from May 9.***
- *Any traveller arriving at any port of entry into Kenya with flu-like symptoms will be required to fill the passenger locator form on the https://ears.health.go.ke/airline_registration/ a 'jitenge' platform International Travelers Health Surveillance Form and to undergo rapid antigen test at own cost regardless of age or vaccination status. If positive on an antigen test they will be required to undergo a COVID-19 PCR test at their own cost.*

HEALTH

If you are planning to travel to East Africa, you should consult your Medical Practitioner before travel.

- ***IMMUNIZATIONS AND VACCINATIONS:*** *No vaccinations are mandatory for entry into Kenya, however certain vaccinations and malaria tablets are recommended and you should consult your medical practitioner at least 6 weeks before you travel. For further information, please see the latest recommendations from the Centers for Disease Control & Prevention (www.cdc.gov)*
- ***YELLOW FEVER VACCINATION*** *(supported by a certificate) are required for travel if you are travelling from/between a Yellow Fever endemic country/ies. We strongly recommend seeking information from Yellow Fever, a health authority in your country of residence well before your travel dates.*

DEPARTURE FROM KENYA:

- *Passengers departing Kenya will be required to abide by the particular travel, health and COVID-19 related requirements of the destination country.*
- *Testing may be considered at the discretion of any of the airlines departing from Kenya.*

•There are a number of COVID-19 testing facilities throughout the country both in Nairobi and Safari areas.
